TO THE TRADE:

During the past spring and summer growing seasons, we have had unusually good growing weather. Moisture and temperature conditions have been favorable for the maximum growth on our Evergreens, Trees, and Shrubs. As a result, we believe we have an exceptionally well finished supply of ornamentals.

As this trade list was prepared in August 1946, we had one of the nicest supplies of freshly grown, unbroken blocks, of Evergreens in our history. Just before the war and the acute labor shortage we planted the best part of a new 50 acre tract of land.

Because of the extremely heavy demand for ornamentals, we urge you to provide for possible shortages by making your commitments as promptly and as far in advance as possible. It will be unavoidable to be sold out of certain sizes and varieties sooner than we would like.

Your orders will receive our prompt and most careful attention, in selection of stock, digging, handling and grading. Every order receives the PERSONAL attention and supervision of at least one member of our firm. Because of the pressure of orders, truck loads to be picked up at the nursery must be previously ordered and ready by appointment.

We will welcome your visit to the nursery, whether you come to buy or "look around." We are open from 7:30 a.m. to 5:30 p.m. except on Saturdays, when we close at noon.

We offer as references any bank or business house in Springfield, Ohio, the Commercial Agencies, and the Leading Nurserymen of the United States.

SPECIAL NOTICE

This list is intended for the trade only. We sell only to those who expect to resell at a profit. We do not employ agents. We do not pack dealers' orders, nor do we authorize dealers to use our name in any way whatsoever.
